

Every27 - Corporate Payroll Solution

Your salary, on the 27th, every month - guaranteed.

Modern Payroll Management Platform for Nigerian Businesses

The Challenge

Payroll management remains one of the biggest operational challenges for businesses in Nigeria. Companies struggle with manual processes that lead to costly errors and unhappy employees.

Late Salary Payments

Employees suffer when salaries don't arrive on time, affecting their financial planning and causing workplace dissatisfaction.

Manual Calculations

Spreadsheet-based payroll leads to calculation errors, tax mistakes, and compliance issues that cost businesses money.

Cash Flow Management

Poor visibility into payroll obligations makes it difficult to plan finances and ensure funds are available on payday.

Employee Financial Stress

Without access to earned wages, employees resort to expensive loans and predatory lending to meet urgent financial needs.

Statistics:

- 67% of employees affected by late pay
- 40+ hours spent on monthly manual processing
- 25% payroll error rate in manual systems

Our Solution

Automated Payroll, Guaranteed on the 27th

Every27 is a complete payroll management platform that automates salary processing and ensures your employees get paid on time, every time.

Key Features

Digital Wallet System Secure company and employee wallets for seamless fund management and instant transactions.

Automated Payroll Set it and forget it. Salaries are automatically processed on the 27th of every month.

Employee Management Add employees individually or bulk import via CSV. Manage salaries, bonuses, and deductions easily.

Real-time Reports Comprehensive payroll, employee, and transaction reports at your fingertips.

Salary Advance Feature

Empower your employees with access to earned wages before payday. Employees can request up to 75% of their salary as an advance, helping them handle emergencies without resorting to expensive loans.

FEATURE	DETAILS
Maximum Advance	75% of salary
Transaction Fee	7%
Repayment	Automatic on Payday

How It Works

Step 1: Onboard Your Company

Submit your CAC registration documents and company details. Our team verifies your information and sets up your company portal within 24-48 hours.

Step 2: Add Your Employees

Add employees individually or use our bulk import feature with CSV files. Set salaries, allowances, bonuses, and deductions for each employee.

Step 3: Fund Your Wallet

Top up your company wallet via bank transfer or online payment. Ensure sufficient funds are available before the 27th for seamless payroll processing.

Step 4: Automatic Payday on the 27th

On the 27th of every month, salaries are automatically calculated and credited to employee wallets. Employees receive instant notifications and can withdraw to their bank accounts.

Benefits

BENEFIT	DESCRIPTION
Save Time	Eliminate hours of manual calculations
Zero Errors	Automated calculations mean no mistakes
Happy Employees	On-time payments boost morale
Self-Service	Employees manage their own profiles
